

SANAM HATEF

Jewelry Designer

I am **Sanam Hatef**. Award-winning jewelry designer with more than 10 years of experience in 3D jewelry design, I am a creative thinker and problem solver who works well in team environments. Using my advanced knowledge of various jewelry design software packages, I have taught jewelry-design software principles and led several jewelry-design groups in well-known companies. I am looking to move into jewelry design project management from the beginning concept to manufacturing.

Honors & Awards:

- Silver A'design award - Como, Italy 2014
